YOUR 2 YEAR WARRANTY

All our appliances featured within this brochure are available through our MKM Branches and are covered by our two year parts and labour warranty. During your warranty period you are protected against the cost of parts, call-out and labour charges. All work is carried out by our national network of approved AEG engineers.

To find out more visit aeg.co.uk
or call **0800 479 0775**

WE ARE PIONEERS WITH A VISION.

We thrive upon innovation designed to give you the ultimate feeling of mastery in your home and laundry care. We see your needs of today. And foresee the ones of tomorrow. So that you can achieve results that don't just meet your standards, but exceed them.

We believe in intelligent technology and exceptional performance, helping you to take anything you do at home to the next level, every day.

We are proud of our distinctive engineering and responsive design, guaranteeing you the performance you expect and deserve.

We are a brand that people turn to for intelligent and exciting new ways to guarantee their outcome.

This has been our passion for over 130 years, and continues to be our passion today.

We are AEG. And together with you, we are always an idea ahead.

ÖKOMix Technology

Unique pre-mixing of detergent, softener and water to reach every fibre.

ProSteam® Technology

Using the PlusSteam® option to end a washing cycle with steam, reduces creasing by up to 30%. You can also refresh clothes with a separate steam programme to remove unwanted odours from garments.

SoftWater Technology

All mains water contains minerals that can be harsh on fabrics. These AEG washing machines are the first in the world with SoftWater Technology to remove these impurities.

FLAVOUR CONDUCTED YOUR WAY.

The Mastery Range from AEG works with you in unique ways to take your cooking to the next level. Every appliance ready to play their part, working in harmony and instantly responding to your second-by-second commands.

Now, for the first time, you can even tell the oven how you want your dish cooked – using just the words you would in a restaurant – rare, medium, well done. Or a hob that allows you to cook Sous Vide, using its intelligent wireless food probe. It's time to expect more from the way you cook. Step into the world's most responsive cooking experience.

Maestro, your kitchen is waiting.

REFRIGERATION

Flavour is all about freshness and storing ingredients – the right humidity and temperature is vital. But how do you want your fridge arranged?

Our solution lets you decide. Everything and anything fits in perfectly for long-lasting flavour, while maintaining energy efficiency, protecting your environment and your budget.

IN THIS SECTION

Integrated Fridge Freezers	15
Integrated Fridges and Freezers	18

ENERGY EFFICIENT

CUSTOMFLEX®

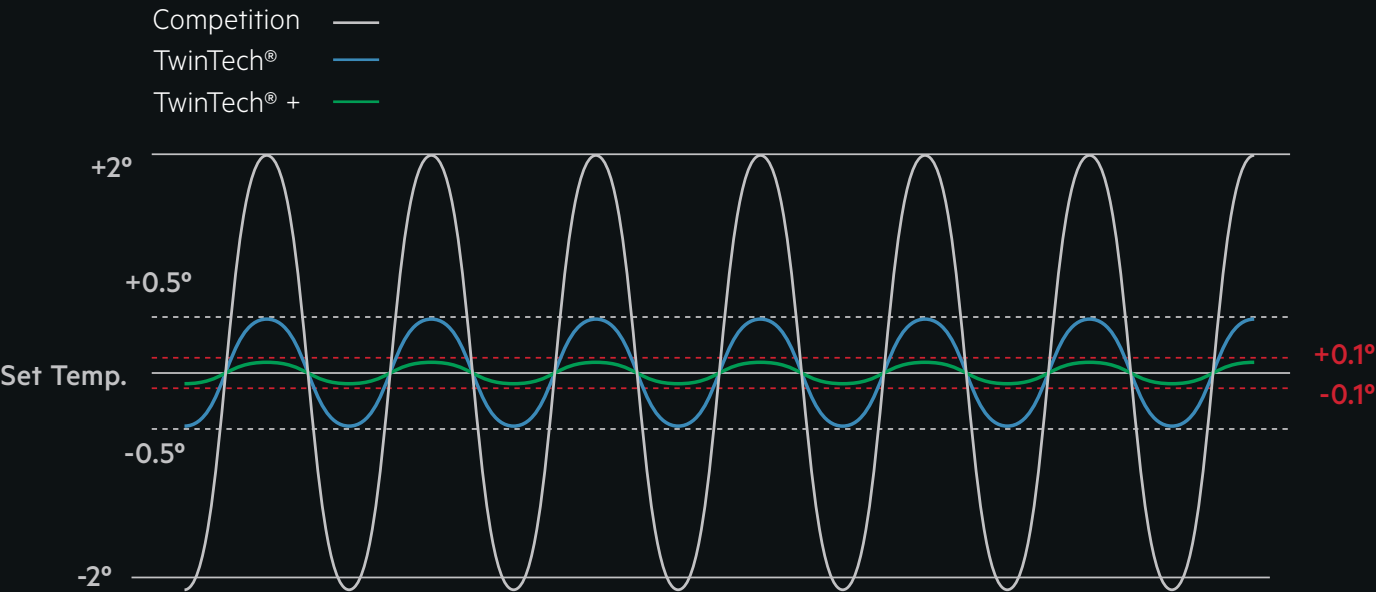

TWINTECH® NOFROST

PRECISION CHILLING.

TwinTech® NoFrost

Unlike conventional fridge freezers that use cold, ultra-dry air from the freezer and recirculate it to cool the fridge, TwinTech® NoFrost units have two separate cooling systems. This provides the ideal humidity in each compartment, preventing food from drying out in the fridge and delivering frost-free storage in the freezer.

Scan here for more information on TwinTech® NoFrost

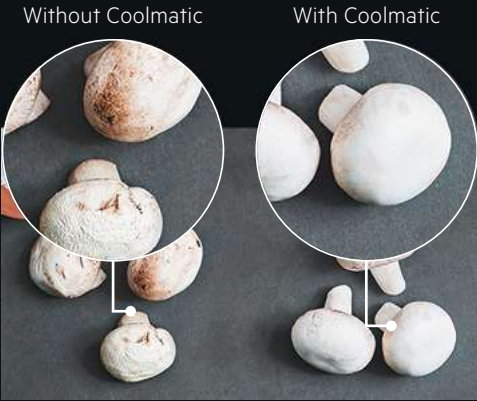

DynamicAir

DynamicAir technology maintains the airflow inside the fridge, ensuring consistent temperature at every shelf so that your ingredients stay fresh.

NoFrost

Never defrost your freezer again. NoFrost freezers offer efficient and effective freezing with quicker, more even freezing for better food preservation.

Coolmatic

Ideal for chilling fresh food quickly and regaining a stable temperature within the fridge once the door has been opened, maintaining food freshness.

Frostmatic

Ideal for freezing fresh food quickly, preserving the flavour, colour, texture and nutritional value.

ADAPTABLE FOR EVERY TASTE.

CustomFlex®

Create your own perfectly organised fridge with the CustomFlex® storage system. This unique and practical inner door system allows you to arrange shelves, clips and compartments in all shapes and sizes in hundreds of different layouts, so there's always one that works best for you at any time.

Scan here for
more information
on CustomFlex®

LED Touch Display

Touch controls with new white LED digital display.

High Efficiency LED Lighting

High efficiency LED lighting ensures a good spread of light shines downwards in the fridge. An intelligent fan function prevents warm areas in the upper part of the fridge and creates an even temperature in all fridge levels.

Self-Closing Door

An elegant solution, with no risk of slamming. Automatically closes from an opening angle of 25–30 degrees.

A GUIDE TO REFRIGERATION ICONS

KEY FEATURES

TwinTech® NoFrost

Pioneering TwinTech® NoFrost technology for exceptional freshness. One cooling system chills the freezer, keeping it NoFrost. The other cools the fridge, ensuring that the fridge temperature is cold, stable and with the correct level of humidity, so as not to dry out your fruit and vegetables.

Frostmatic

Ideal for freezing fresh food quickly, preserving the flavour, colour, texture and nutritional value.

Multi Air Flow

The Multi Air Flow technology provides the precise temperature and humidity your ingredients need to stay fresh in your fridge, nutritious and full of flavour for even longer.

CustomFlex®

Keeping all your fresh ingredients to hand is key to creating fresh, delicious dishes. Now the CustomFlex® refrigerator from AEG lets you organise your fridge storage just the way you want.

LCD Touch Display

Sleek touch controls that are intuitive and ready to use.

High Temperature Alarm

Highlights an increase in the temperature in the freezer compartment.

NoFrost

Never defrost your freezer again. NoFrost freezers offer efficient and effective freezing with quicker, more even freezing for better food preservation.

LowFrost

Faster, more efficient defrosting. Time is of the essence when defrosting your freezer. This fridge freezer comes with efficient LowFrost technology, which makes the defrosting faster and less frequent than ever before.

Touch Control

Intuitive touch controls provide instant feedback, are easy to use and look sleek in the kitchen.

Soft Close Doors

Soft Close door hinges that automatically close from an angle of 23–30 degrees – providing an elegant solution to slamming doors.

LED Lighting

Premium and modern lighting system in the fridge thanks to the bright LED light with rise-on effect.

Coolmatic

Ideal for chilling fresh food quickly and regaining a stable temperature within the fridge once the door has been opened, maintaining food freshness.

DynamicAir

DynamicAir technology maintains the airflow inside the fridge, ensuring a consistent temperature at every shelf so that your ingredients stay fresh.

UltraFresh+

Automatic humidity control and antioxidant release filter inside the fridge compartment, keeping fruit and vegetables market fresh.

MultiSpace

No compromise between kitchen dimensions and your storage requirements. More storage capacity than a standard built-in model for improved organization and flexibility.

Simple Touch Controls

Our simple to use electronic controls, with Frostmatic function, ensure that you can set the fridge freezer to your desired temperature.

WELCOME TO THE SMART KITCHEN.

EXPERIENCE OUR INTELLIGENT SOLUTIONS.

Get the most out of your experience by connecting your AEG appliances. Our smart products make your everyday tasks both easier and more convenient. You are able to adapt your appliances with your personal preferences via remote monitoring and control.

My AEG Kitchen App

To ensure peace of mind whilst owning an AEG appliance download the My AEG Kitchen App. Within the App you'll find user-friendly guides, help to set up your connected oven and the ability to register your product guarantee with ease.

Remote Monitor

Monitor the progress of your food whilst it cooks. You can easily check how your favourite dish is coming along through your smartphone whilst you're away from your oven.

Remote Control

It's simple to start & end the cooking program remotely through your smartphone and if you think the temperature needs adjusting then you can do this simply too.

Send a recipe to your oven

You can send your favourite recipe with its settings directly to your oven via the My AEG Kitchen App and your oven will take care of cooking it to perfection.

Voice Control

Your AEG WiFi* connected oven works closely with connected devices such as the Google Home Mini to really help you excel in the kitchen.

Google Assistant allows you to control your oven with your voice, so if you're hands are covered in flour but you want to turn the oven down, just ask it to do so!

Download the 'My AEG kitchen App' on the App Store or get it on Google Play.
*Your WiFi network frequency must be 2.4 GHz.

Hey Google turn my oven down by 20°C

Sure, reducing oven temperature by 20°C

THE EXTENDED FAMILY.

The CookView® Camera*

Our WiFi connected oven features an internal CookView® camera located in the handle with a clear view into the oven cavity. It's wirelessly linked to the My AEG Kitchen App and allows you to watch a live feed of your food being cooked that you are able to see wherever you are.

Are you proud of what you are cooking? Then why not share the picture taken with the CookView® camera directly from your oven through social media and share with your family and friends.

*This feature is available on connected ovens in the MKM extended range.

CamCook

CamCook technology works in multiple ways. It operates either through the CookView® camera in our ovens or simply through the camera in your smartphone or tablet. The technology recognises your favourite dishes, letting you achieve the same perfect result every time for truly effortless cooking.

And for added ease, save your favourite dishes in the preferred cooking settings, for reliable results.

Scan here for more information on CookView®

STEAM. YOUR NEW STANDARD FOR FLAVOUR.

For maximum flavour, add steam.

By adding steam to traditional heat, our range of ovens ensure your dishes are cooked to your exact preference.

SteamBake™

Adds a bit of steam for the right colour and crust, improving all of your baking results.

Why steam?

- **Food stays moist**
Prevents food from drying out.
- **Preservation**
Preserves nutrients, vitamins and minerals.
- **Evenly cooked**
Cooks food more evenly from surface to core.
- **More efficient**
Delivers heat more efficiently to the food than dry, hot air, so the temperature can be lower.

RARE, MEDIUM, WELL DONE. AT YOUR COMMAND.

Command Wheel

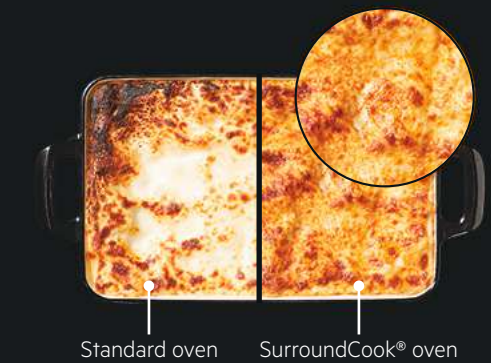

An innovative Command Wheel removes the need for a busy dashboard and makes the cooking experience simple and streamlined for perfection on a plate, every time.

The latest furniture trends are becoming more linear and we have designed our products in line with that. We've also included more glass and less stainless steel for a seamless finish.

SenseCook

By precisely measuring the core temperature of your food, the Food Sensor lets you know when your rare, medium or well done meat is ready. It also allows you to cook fish, casseroles and vegetables just the way you like them.

SurroundCook®

Expect even, every time with SurroundCook®. Every part of your dish receives the exact consistent heat that it needs.

Pyrolytic Self Cleaning

A total self-cleaning function that automatically locks the oven door and heats up to 500°C, turning food residue to ash.

Scan here for more information on Pyrolytic Self-Cleaning

THE PERFECT DESIGN ALIGNMENT

Our oven and compact range offer the perfect design alignment options, both horizontally and vertically.

For matching design alignment including user interface, pair appliances with the same controls using the below chart.

Product Description	 Command Wheel Control	 EXCite Touch Controls	 ProSight Touch Controls	 Retractable Rotary Controls
Single Multifunction Oven with Pyrolytic Self-Cleaning	BPK948330M	BPK748380M	BPK742320M	BPK556220M
Compact Multifunction Oven with Microwave	KMK968000M	KMK768080M	KMK761000M	KMK656000X
14cm Warming Drawer	KDK911424M	KDK911424M	KDK911424M	KDK911424M

Command Wheel Controls

The Command Wheel gives you an intuitive way to operate all the cooking settings. It swiftly responds to your actions so that you always have control of every step of the cooking process.

EXCite Touch Controls

Intuitive touch display control panel gives you access to a wide variety of oven functions to suit every dish.

ProSight Touch Controls

LCD display with electronic touch control panel – simple to operate and beautifully designed.

Retractable Rotary Controls

High quality finish stainless steel retractable knobs.

A GUIDE TO COOKING ICONS

KEY FEATURES

SteamBake™

Adds a bit of steam for the right colour and crust, improving all of your baking results.

Connected

Easily monitor and set your oven programmes with our AEG App. This allows you to adjust cooking programmes, follow step by step recipes, and even allows you to set cooking programmes based on real time food images.

SurroundCook®

Hot air fan that circulates the air more effectively than a conventional oven so that your food gets evenly cooked anywhere in the oven.

SenseCook

Food sensor that adapts to what you are cooking and helps you get the results you are aiming for. Just tell the oven how you want your dish cooked and the oven will let you know once your food has reached the right temperature.

Multifunction

Multifunction ovens have all of the familiar cooking functions, including our extra large hot air fan.

Dual Multifunction

Both oven cavities are multifunctional, which means they have all of the traditional cooking functions including True Fan.

Command Wheel

The Command Wheel gives you an intuitive way to operate all the cooking settings. It swiftly responds to your actions so that you always have control of every step of the cooking process.

ProSight / EXCite Touch Controls

Full-touch electronic control panel – simple to operate and beautifully designed.

Retractable Controls

High quality finish stainless steel retractable knobs.

800w Quartz Grill

Flexible cooking thanks to microwave functions and integrated quartz grill.

CookView®

With the CookView® camera and connection to the AEG app you can start to visually control and finetune the cooking progress straight from the app. This feature is available on connected ovens in the MKM extended range.

Pyrolytic

With our Pyrolysis function, this self cleaning oven heats up to 500°C and turns food residue to ash.

Catalytic Liners

The catalytic lining absorbs the grease from cooking and is activated by regular heating to 220°C. The grease residue is oxidised leaving the catalytic surface clean.

XXL

All of our single ovens have an extra large capacity, allowing you to cook on all 5 levels simultaneously.

Telescopic Runners

Allows you to pull the shelves smoothly out of the oven. This enables you to efficiently and safely access the contents of your oven.

Fully Programmable

Precise timer that switches off the oven when you want. Ideal for dishes with a long cooking process.

Non-Vented Installation

Self ventilating microwaves, allows for more flexibility when installing.

CamCook

CamCook technology works through the CookView® camera in our ovens or simply through the camera in your smartphone or tablet. The technology recognises your favourite dishes, letting you achieve the same perfect result every time – for truly effortless cooking.

FUNCTIONS

True Fan Cooking

Our true fan cooking system gently circulates hot air through the oven cavity. As the oven heats up faster, lower temperatures and shorter cooking times are used to achieve delicious results.

Conventional Cooking

Top and bottom elements heat the oven, providing traditional cooking on one shelf position, which is ideal for baking breads or fruitcakes.

Au Gratin

For dishes such as lasagne or potato gratin.

Bottom Heat

Oven is heated by the bottom element only. Food is gently reheated, ideal for pies and pastries, as it keeps the pastry crisp.

Turbo Grilling

Heat from the top element is circulated by the fan, sealing and crisping the food.

Grilling

Fully controllable powerful grill, ideal for family-sized portions of food.

Pizza Setting

Designed to ensure pastry bases, quiches and pizzas are cooked to your taste.

Moist Fan Baking

Retains moisture within the ovens, thus achieving light fluffy results whilst using the oven in an energy efficient way.

Slow Cooking

Two slow cook options, dependent on the quantity of food being cooked. Low temperature combined with patience will guarantee a good result.

Defrost

Defrost your frozen food gently in half the usual time. Ambient air is quickly circulated inside the oven cavity.

Fast Grilling

Combining grill, fan and bottom heat to efficiently produce delicious dishes. Excellent on semi-processed food such as chips and spring rolls.

Bread Baking

Optimum temperature and environment for baking yeast mixtures. Using radiant heat and steam to bake a variety of loaves to your taste.

Dough Proving

Creates the perfect environment to assist bread baking by proving your yeast mixture correctly.

Eco Roasting

Economical setting for roasting large joints or poultry. Simply select the appropriate cooking time depending on the weight of the food, and the oven automatically switches off once the cooking is complete.

Pyrolysis

A total self-cleaning function that heats up to 500°C and turns food residue to ash.

Microwave & Grill

Combines traditional microwave and grill functions.

Microwave & Oven

Combines traditional microwave and oven functions.

Defrost by Weight

Take the guesswork away and defrost your food by weighing it during the process.

Auto Favourite

The Auto favourite function has 3 pre-set functions, these are Soften Butter, Melt Chocolate and Mug Cake. You can overwrite these with your favourite recipes.

COMPACT RANGE

With our widest range of high performance appliances, you can mix and match our ovens and compacts – the way you want – and it all aligns beautifully with a single, stylish design.

The Compact range also fits perfectly with our full size appliances.

Square Alignment Compacts

Create your ideal kitchen in a combination to suit your needs. By grouping your compact appliances in a cluster, a column or a sleek horizontal run you create your own, individual look.

Horizontal Alignment Oven and Compacts
Compact Appliance, Warming Drawer and an AEG Single Oven.

Horizontal Alignment Compacts
Two Compact Appliances with two Warming Drawers.

Vertical Alignment Oven and Compact
Compact above an AEG Single Oven.

All AEG microwave ovens can be installed in all cabinetry, whether it be non-ventilated or ventilated kitchen cabinets, making them perfect for kitchen upgrades or replacements.

HOBS

At AEG we believe that a hob should look as good as it performs. Which is why all our induction hobs are designed not just to bring out the best in your cooking, but also to give you the flexibility you need while cooking and to look fantastic in your kitchen.

IN THIS SECTION

Induction Hobs	52
Ceramic Hobs	55
ComboHobs	56
Gas Hobs	60

TAKE THE GUESS WORK OUT OF COOKING.

SenseBoil™

A sensor actively monitors the progress of boiling water and automatically reduces to a simmer once boiled, keeping it ready for you to add your ingredients.

Scan here for
more information
on SenseBoil™

MaxiSense®

The MaxiSense® induction hob has self-sizing cooking zones. Each zone detects the size and shape of the pan you're using, however large or small.

Hob²Hood

The AEG Hob²Hood adapts to your cooking to keep your kitchen free of steam and vapours automatically.

Slim Installation

The slim, space-saving design embeds into worktops as shallow as 12mm, even with a drawer below.

A GUIDE TO HOB ICONS

KEY FEATURES

Touch Control

Efficient touch controls enable you to set the hob's heat level precisely, while its flat surface is easy to clean.

DirekTouch Slider

This hob's direct-access heat controls enable you to switch directly to exactly the right temperature with one touch. Simply touch the correct level on the slide control.

SenseBoil™

A sensor actively monitors the progress of boiling water and automatically reduces to a simmer once boiled, keeping it ready for you to add your ingredients.

MaxiSense®

The MaxiSense® induction hob has self-sizing cooking zones. Each zone detects the size and shape of the pan you're using, however large or small.

Double Bridge

Two zones can be paired at the touch of a button, providing a single bridge for cooking. It's optimised for using large pots and pans by automatically aligning to share both temperature and time settings.

Hob²Hood

Hob²Hood automatically turns on your cooker hood and lights when you start using the hob. The cooker hood will adjust according to the cooking levels on the induction zones.

Cast Iron Supports

Cast iron pan supports provide a robust and durable cooking support with professional design. Safe, long lasting and easy to clean.

Extendable Zone

Extendable zone, optimised for cooking with a wide range of pot sizes.

Slim Installation

AEG induction hobs have the slimmest platform on the market, allowing a worktop as thin as 28mm with an oven beneath the hob.

Easy Installation

Our Optifix™ spring system is self-installing and self-centering. Simply place the hob into your cut out.

Step Power Controls

The flame can be precisely set in 9 different levels to deliver reliable and consistent heat, every time. For cooking without guesswork.

Easy Clean

Because the surface around the pans stays cool as you cook, you can get rid of spills as you go along. Nothing gets burnt on and there's nowhere for dirt to hide.

Minute Minder

Perfect cooking results guaranteed by setting the cooking time length and the acoustic signal lets you know it has finished.

Auto Ignition

Total control of the ignition through a single-handed operation of turning the knob to automatically light the hob.

Single Bridge

Two zones can be paired at the touch of a button, providing a single bridge for cooking. By automatically aligning to share both temperature and time settings, it's optimised for using large pots and pans at once.

FUNCTIONS

Count-Up Timer

Set a reminder or use the count-up timer to keep in control of your cooking.

Minute Minder

Each induction cooking zone has an independent 99 minute timer. The timer will switch the zone off after the time has elapsed.

Eco Timer

Energy saving timer that switches off the zone and uses residual heat to complete the last few minutes of cooking.

Zone Booster

Power booster function to reach high temperatures extra fast.

AutoMax

The hob will apply full output of heat at the beginning, before automatically dropping to the required setting.

Pan Detection

The user interface is not visible until a pan is placed on the hob.

Auto Off

Safety mechanism that turns off the hob after a given time, depending on the selected heat setting.

Melting

A gentle melting function, perfect for chocolate or butter.

Burners

Number of burners.

Wok Burner

Extra large burner designed for a large wok.

Stop & Go

A function that reduces all zones in operation to a 'keep warm' setting.

HOBS

Make cooking easy and enjoyable with our range of versatile hobs. Ensure perfect results, whether it's a meal for two or a dinner party for eight, as at AEG our hobs are designed to fit your life.

Make multi-tasking easy and take control of flavours with an oven and hob combo, or simply update your kitchen hob and create restaurant-style dishes at home.

Plancha Grill

Turn your hob to a barbecue in an instant and get perfect grill taste all year round with the Plancha Grill. Heat is distributed fast and consistently across the plate, ensuring all ingredients are grilled evenly wherever you place them. Now you can grill steaks to perfection!

COMBOHOBS

The ComboHob combines an induction hob and an integrated hood into one single product. So you can place the hob wherever you want without having to install a hood above it, giving you many creative options for individual kitchen design.

Easy Installation

Our Optifix™ spring system is self-installing and self centering. Simply place the hob into your cut out for it to secure into place.

Easy Cleaning and Maintenance

The rectangular grid in the centre of the hob can be easily removed allowing you easy access to clean the aluminium grease filters when required. The effortless maintenance of the high efficiency odour filter inside ensures ongoing pristine performance.

DirekTouch Slider

This hob's direct-access heat controls enable you to switch directly to exactly the right temperature with one touch. Simply touch the correct level on the slide control.

GAS COOKING WITH ABSOLUTE ASSURANCE.

TouchSure Hob

The advanced TouchSure hob from AEG comes with a range of reassuring safety features that provide absolute confidence in – and absolute command over – gas cooking. It's a traditional method harnessed with our responsive technology, instilling confidence to turn up the heat.

StepPower Controls

Thanks to StepPower the flame can be precisely set in 9 different levels to deliver reliable and consistent heat, every time. For cooking without guesswork.

StepPower with LED

LED lights with StepPower let you see the status of the hob at a glance. And residual heat indication shows whether pan supports are still hot after use.

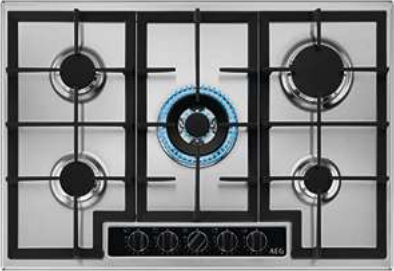

Hob²Hood

The AEG Hob²Hood adapts to your cooking to keep your kitchen free of steam and vapours without you even having to touch it.

HOODS

Our cooking environments need to be fresh, bright and peaceful, enriching the time that we spend there. We use advanced technology to ensure that the design and build of our cooker hoods give you the optimum combination of high-end design and powerful functionality.

A FRESHER KITCHEN, HANDS FREE.

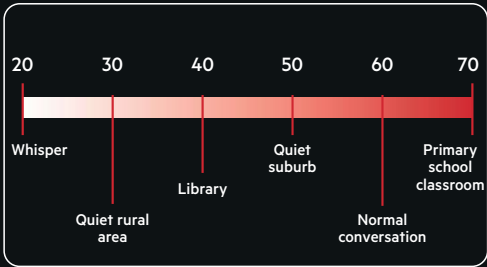

Hob²Hood

AEG Hob²Hood technology adapts to your cooking to keep your kitchen free of steam and vapours without you even having to touch it.

As you cook, the hood activates automatically, monitoring the fluctuating heat and steam of every simmer and boil, effortlessly maintaining the freshness of your kitchen. Your attention stays, as it should, on preparing, finessing and enjoying your dish.

Scan here for
more information
on Hob2Hood

SilenceTech

Our advanced hood technology allows Cooker Hoods to extract at a low 54dB, allowing you to enjoy the full cooking experience without loud sounds from your appliance.

Breeze Function

The breeze function quietly refreshes the air in your kitchen to create a more enjoyable atmosphere to relax or entertain. This function will automatically switch off for your convenience.

Touch on Glass Controls

Smooth and precise control of all your hood's functions with a simple touch on glass – easy to use and easy to clean.

A GUIDE TO HOOD ICONS

KEY FEATURES

Hob²Hood

A wireless function that when paired with suitable hobs, it automatically activates and regulates the cooker hood according to your cooking activities. It provides a fresher kitchen environment so you can focus on achieving great taste.

Touch on Glass Controls

Smooth and precise control of all your hood's functions with a simple touch on glass – easy to use and easy to clean.

Push Button Controls

Precise control of the setting levels allowed through the squared push buttons.

Designer Filter Cover

High efficiency filter hidden with perfect black glass covers – the perfect look and easy to clean in the Dishwasher.

LED Lighting

LED lighting enables excellent visibility the entire cooking process provide ambient lighting in the kitchen.

Dimmable LED Lighting

Crisp bright illumination, or a gentle glow? Dimmer-controlled LED lighting means you can adjust the effect at the touch of a fingertip.

Black Glass

Beautiful design with unique black glass.

Anti Fingerprint Stainless Steel

The anti fingerprint stainless steel finishing protects the surface of your cooker hood from fingerprints.

Stainless Steel with Glass

Perfect combination of stainless steel and glass to create a unique and professional style in your kitchen.

FUNCTIONS

Fan Speeds

Number of fan speeds, allowing you to adjust the power, noise and energy consumption.

SilenceTech

Reduces the noise level down to our lowest number of decibels so that you can cook powerfully and enjoy all your favourite food without annoying sounds from the appliance.

Breeze Function

Refreshes the air in your kitchen after cooking at a very low noise level so that you have a more enjoyable and quiet atmosphere to relax or entertain.

Remote Control Included

Easy and fast control of all the hood's functions thanks to the remote control.

DISHWASHERS

It's not just about the food – the style of cutlery and plates affect our perceptions of what we eat. A dark chocolate dish looks best when served on an angular plate, while a round plate is better for cheesecake. So you need a range of tableware that complements your food presentation and can be cared for in the most efficient way.

Fully Integrated Dishwashers	83
Slimline Fully Integrated Dishwasher	85

COMFORTLIFT®

AIRDRY TECHNOLOGY

CONTROL & MONITOR YOUR DISHWASHER REMOTELY.

My AEG Kitchen App

To ensure peace of mind whilst owning an AEG appliance download the My AEG Kitchen App. Within the App you'll find user-friendly guides, help to set up your connected appliance and the ability to register your product guarantee with ease.

Download on the App Store or get it on Google Play.

Connected

Control and monitor your dishwasher remotely by connecting it to the 'My AEG Kitchen' app. This allows you to choose and customise programmes, follow step by step maintenance and even alerts you when the rinse aid and salt is running low.

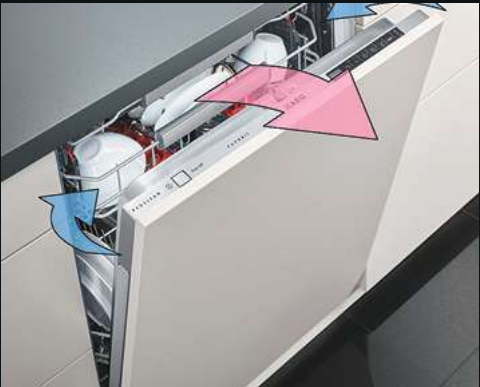

ComfortLift®

The ComfortLift® dishwasher is the first of its kind to gently slide the lower basket up for easy, ergonomic loading and unloading. That means less bending down, to make your life more comfortable.

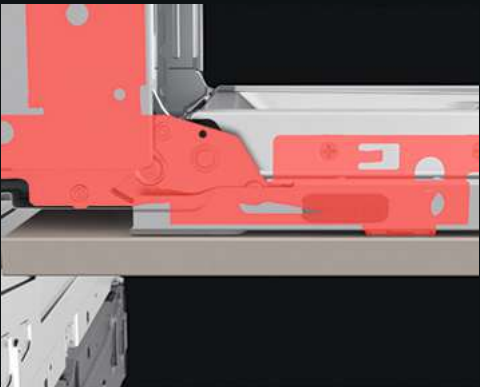

QuickSelect

An intuitive slider lets you control your dishwasher on your own terms. Simple, premium control that adapts the wash according to your lifestyle, allowing you to select when you want your dishes clean. The machine does the rest.

AirDry Technology

Uses natural airflow to finish the drying. By automatically opening the door by 10cm in the last part of the cycle, you will get maximum drying performance while effectively reducing your energy costs – leaving your dishes spotless.

Sliding Hinges

Allows you to install the dishwasher with any door length without the need to cut the kitchen plinth. This is also suitable for plinthless kitchens. The best solution on the market – patented by AEG.

MaxiFlex

The MaxiFlex drawer from AEG accommodates almost everything. From multiple cutlery sets to over-sized utensils. Flexible dividers mean every load is customisable.

SUPERIOR CLEANING AND FULL COVERAGE.

With our ProClean range of dishwashers we deliver superior cleaning and drying, ensuring that you can clean more at the same time and get a great cleaning result with superb drying.

ProClean

Our ProClean models have a larger usable internal space, combined with five spray levels, satellite and ceiling spray arm plus GlassCare package.

Standard spray arm coverage

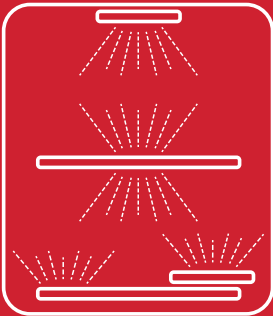

versus

Satellite spray arm coverage

5 Spray Levels

Multi level spray reaches every item anywhere, giving you our most efficient spray coverage.

Glass Care Programme

Special 45°C glass programme ensures perfect washing results while protecting your most precious glass, crystal and china.

XXL Interiors

The XXL interior of this dishwasher gives you an additional 10 litres of space – more capacity for those irregular shaped items.

SprayZone

Heavily soiled items, such as lasagne or crumble dishes, can be washed with a normal load with SprayZone. This feature activates a dedicated zone designed specifically for dishes with stubborn residue.

	Standard Models	ProClean	Benefits
Internal Space	Suitable for plate sizes up to 31cm diameter	Suitable for plate sizes up to 33cm diameter	Fit more in!
Spray Levels	2 – 3	5	More spray levels for better cleaning.
Satellite Spray Arm	Selected models	Included as standard	Sprays from continuously varying angles and covers a lot more area compared to a standard spray arm.
Ceiling Spray Arm	Selected models	Included as standard	More spray levels for better cleaning
GlassCare Package	Selected models (SoftSpikes only)	Full package included as standard	Protects delicate glasses with soft grips, soft spikes and a dedicated glass programme. No more hand washing old and fragile glass.

A GUIDE TO DISHWASHER ICONS

KEY FEATURES

ComfortLift®

The ComfortLift® basket rises on special hinges, ensuring less bending when loading and unloading dishes.

Connected

Control and monitor your dishwasher remotely by connecting it to the 'My AEG Kitchen' app. This allows you to choose and customise programmes, follow step by step maintenance and even alerts you when the rinse aid and salt is running low.

QuickSelect

Simple, premium control that adapts the wash according to your needs, allowing you to select when you want your dishes clean.

XXL Interior

The XXL interior of this dishwasher gives you an additional 10 litres of space, more capacity for those irregular shaped items and plates up to 33cm in diameter.

Light Beam

This dishwasher is so quiet it projects a tiny red or green beam on to the floor to tell you when it's running and when it's finished.

SprayZone

Heavily soiled items, such as lasagne or crumble dishes, can be washed with a normal load by selecting the SprayZone option.

GlassCare Package

Delicate wine glasses are protected with our soft spikes, soft grips and dedicated GlassCare 45°C programme.

TimeSaver Function

50% less time thanks to increased power speed and water pressure.

AirDry Technology

Uses natural airflow to finish the drying. By automatically opening the door by 10cm in the last part of the cycle, you will get maximum drying performance leaving your dishes spotless.

Dual Spray Arm (slimline)

Water is evenly distributed in every dishwashing cycle with the dual spray arms. The rotating sprinklers make sure water gets into every corner, so your dishes come out sparkling.

MaxiFlex

The MaxiFlex drawer from AEG accommodates almost everything. From multiple cutlery sets to over-sized utensils.

ProClean

Our ProClean models have a larger usable internal space, combined with five spray levels, satellite and ceiling spray arm plus GlassCare package.

24 Hour Time Delay

Run your dishwasher when it suits you, thanks to the up to 24 hour delay start function.

Sliding Hinge

With this dishwasher you can choose to install it normally above a plinth. Alternatively, the sliding hinge is perfect for plinthless kitchens or for installation above a small cupboard.

FlexiSpray

The combination of four spray levels and lower satellite spray arm ensures superior cleaning levels.

DISHWASHERS

The AEG range of dishwashers is designed to meet the frustrations and needs of dishwasher users. The models are designed to give a better quality wash and superb drying results, combined with a larger capacity and useful features such as our glasscare package which looks after your best wine glasses.

LAUNDRY

Imagine putting your precious sweater in the washer. Imagine trusting a dryer with a silk dress.

We’ve not only imagined it, we’ve done it. Washed the black dress time after time. Dried a soft wool sweater over and over. Every time they emerge without shrinking or fading, still vibrant and soft. Because AEG has redefined what a washer and dryer are. Protectors of fabric. Defenders of colour. Guardians of fibres.

Unprecedented care for the life of your clothes. Imagine that.

Built-In Washing Machine	92
Built-In Washer Dryer	93

DESIGNED WITH CARE.

Our unique, innovative design is more than a pretty face. It also conveys superior quality and technical advancement. For our new range, we increased the size of the door and porthole for ease of use and a modern look, and reinvented the control panel.

Easy to Use Control Panel

A simplified programme choice with only your 10 favourite and most often used programmes.

Built-In Laundry

Achieve that seamless look with our built-in range. Our integrated washing machines feature the same wide variety of functionalities as our freestanding ones, including ProSteam® and ProSense® technology.

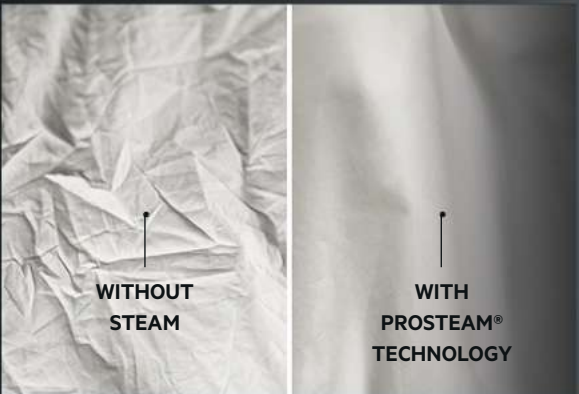

LESS IRONING. CLOTHES REFRESHED. WITH PROSTEAM® TECHNOLOGY.

ProSteam®

Using the PlusSteam® option to end a washing cycle with steam, reduces creasing by up to 30%. You can also refresh clothes with a separate steam programme to remove unwanted odours from garments.

Scan here for
more information
on ProSteam®

OUR WASHER DRYER RANGE

DualSense®

DualSense® technology tailors the temperature and motion of the drum to different fabrics. Everything from textured jackets to soft jumpers can be carefully washed, dried and cared for in one go.

We've taken the best technologies of our washing machines and tumble dryers and incorporated them into our washer dryers.

Scan here for more information on DualSense®

AWARD WINNING QUALITY.

Woolmark

The Woolmark Apparel Care programme helps consumers identify quality laundry appliances that are approved by The Woolmark Company for use on woollen fabrics.

Woolmark Blue

It is the Woolmark Apparel Care certification of wool cycles that identifies a machine as safe in which to wash handwash only woollen fabrics.

Ariel and Lenor certified

Our washing machine range is certified by Ariel and Lenor for their efficient use of liquid detergent and fabric softener. Any machine with ÖKOMix technology has received the premium certification by Ariel and Lenor. The certification guarantees that 90% of fabrics in a washing load are evenly covered with liquid fabric softener. AEG, Ariel and Lenor have partnered to provide you with their combined unique care expertise for fabrics.

BUILT-IN RANGE

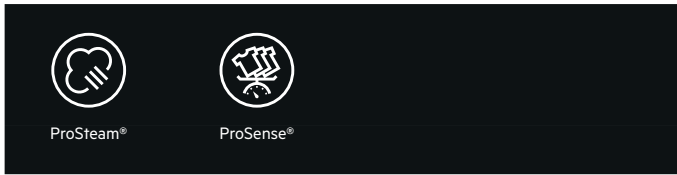

Achieve that seamless look with an integrated washing machine or washer dryer. Our integrated machine includes ProSteam®, ProSense® and DualSense® technology.

PLANCHA GRILL | A9HL33

INDOOR BARBECUE

Instantly turn your hob into a barbecue and get perfect outdoor grill taste all year round with the Plancha Grill.

Heat is distributed quickly and evenly across the plate, ensuring all ingredients are grilled to perfection no matter where you place them.

The non-stick coating reduces the need for oil, giving you healthier dishes without compromising on taste or texture.

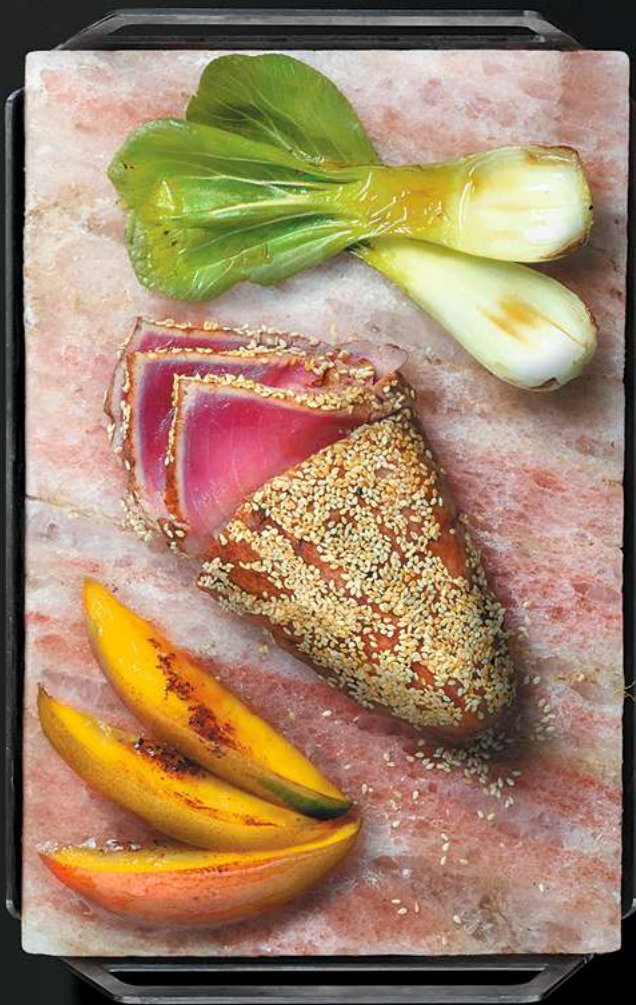

Works perfectly with your induction hob and can be used on all other hob types too.

Dimensions 22cm × 43.2cm × 1.8cm

SALT BLOCK | A2SLT

HIMALAYAN SALT BLOCK

The Salt Block provides a platform for seasoning and serving food naturally and healthily.

Sourced from pink rock salt in the Himalayas, the block can be heated in the oven, on the hob, or chilled in the fridge or freezer.

Dimensions 8cm x 33cm x 22cm

FUSION WOK | FUSION-WOK

STIR-FRY IN A FLASH

Get fresh flavours fast with the Fusion Wok.

Simmer and stir-fry with all the advantages of wok cooking but with the speed, energy-efficiency and temperature control of modern induction technology.

The support ring enables the same ergonomic movements as with a rounded wok and is ideal for serving too.

Suitable for induction hobs only. Includes support ring.

Diameter 34cm

NON-STICK FRYING PAN SET | A9ALFPS1

EVERYDAY FUNCTIONALITY

Combine functionality and performance in everyday cooking.

This set of aluminium-coated, champagne coloured frying pans are ideal for everyday frying, searing and browning with little or no oil.

Each pan has a non-stick coating and delivers fast and even cooking whilst keeping food tender and moist.

DUPONT certified non-stick coating.
Suitable for all hob types. Oven safe up to 250°C.

Diameter 26cm and 30cm

COOKWARE SET | A3SS

COOKING MASTERED

Three-piece stainless steel cookware set to master everyday cooking.

Can be used on any heat source.

The non-stick coating on the frying pan makes it easy to cook and easy to clean.

Includes: 24 cm non-stick frying pan,
16 cm pot + lid, 20 cm pot + lid.

BAKERY TRAY | A9OZBT0M

BAKING MASTERED

Enjoy freshly baked goods
with a perfect golden crust.

Perforations in the tray helps the heat and steam
to circulate around the dough to create a crispy
texture while keeping the interior soft and tender.

The non-stick aluminium tray makes
it easy to clean. Designed to be
used with AEG steam ovens.

Dimensions 46.6cm × 38.5cm

CAKE BAKING TRAY | A4OZCT0M

HASSLE-FREE BAKING

Ideal for baking cookies and pastries
without the need for baking paper.

With an extra baking tray you can be prepared
for all cooking occasions with family and friends.

Easy to clean.

Dimensions 46.5cm × 38.5cm × 2.5cm

PIZZA SET | A9OZPS1

PERFECTLY AUTHENTIC

Create the perfect pizza with this authentic baking technique.

The refractory brick heats up quickly and retains the temperature, giving you the same crispy touch only a professional pizza oven can provide.

Perfect baking results also for focaccia, pastries and other breads.

Can be used for all oven types. Includes 1 stone, 1 wooden sliding board & slicer.

**Dimensions: stone 33cm x 38cm
wooden slide 29cm**

ROASTING AND BAKING TRAY | A4OZDT0M

PERFECTLY ROASTED

The deep design of this tray makes it a versatile tool.

Perfect for roasting, gratin, poaching or baking.

Works as an excellent drip tray when used with a grill. Easy to clean.

Dimensions 46.5cm x 38.5cm x 4cm

SPINVIEW SHELF | A6RHSW31

REVOLUTIONARY STORAGE

The SpinView shelf puts everything from your refrigerator within immediate reach.

No searching. No rearranging. With a revolutionary design and flexible storage, the unique 360° shelf rotates in any direction making it easier to reach your ingredients, even from the top shelf.

Fits all AEG integrated fridge freezers and fridges.

Dimensions 5.2cm x 42.3cm x 29.5cm

EXTENDABLE SHELF | A6RHES31

DESIGN AND CUSTOMISE

The Extendable Shelf Tray makes it even easier to access your refrigerated ingredients.

The extendable shelf with removable tray can be transported for use outside the fridge, making it easier to load and unload ingredients from your refrigerator.

Fits all AEG integrated fridge freezers and fridges.

Dimensions 8.5cm x 45.5cm x 30.5cm

INSTALLATION DIAGRAMS

AEG has always been committed to supporting its retail partners and professional installers by providing them with best in class installation solutions. AEG kitchens are simple to install and use only one Torx T20 screwdriver to install all of our appliances, allowing installers to save time. In 2018, AEG launched a first of its kind Installer App, giving professional installers access to installation information at their fingertips.

IN THIS SECTION

Refrigeration

- Integrated Fridge Freezers
- Integrated Fridges and Freezers

Cooking

- Single Ovens
- Double Ovens
- Compact Ovens
- Warming Drawers
- Microwave Ovens
- Hobs
- Hoods

Dishwashers

- Fully Integrated
- Slimline Fully Integrated

Laundry

- Built-in Washing Machine
- Built-in Washer Dryer

- Only **one** Torx T20 screwdriver to install **all** appliances
- Not having to change tools **saves time**
- Electrolux is the first manufacturer to design an **installation app*** specifically for professional installers

ENERGY INFORMATION

CHANGES TO EUROPEAN EFFICIENCY SCALE

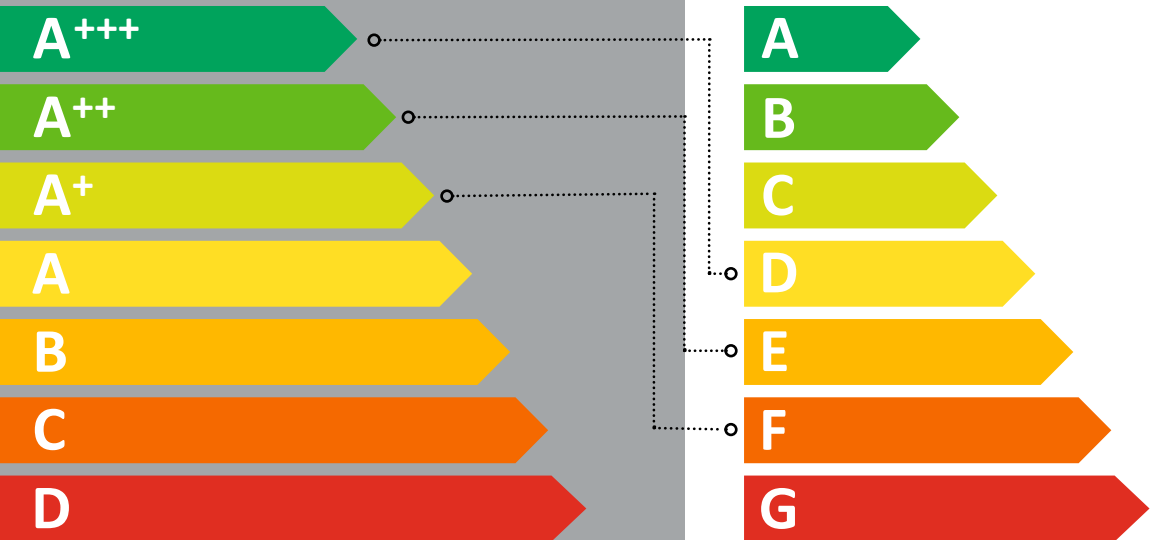

This scheme, which covers refrigerators, freezers, wine coolers, washing machines, washer dryers and dishwashers is designed to offer you a standardised method of choosing the most energy efficient appliances.

Current label scale

Current energy classes have started to become obsolete, with most products innovating faster than the current label. The great majority of products sold are being clustered into energy classes higher than A, making it hard to differentiate between them.

New label scale, A-G

With the new labelling, A+++ energy class will become D class after rescaling, without any change whatsoever in the energy consumption. This means that the appliances are still as energy efficient as they were previously, but follow a new classification, leaving room at the top of the scale as more efficient technologies emerge. For washer dryers, the new label will scale separately washing & drying, and washing.

New performance icons

Airborne acoustical noise emissions rating scale, with A being the quietest.

A: $n < 39$
B: $39 \leq n < 45$
C: $45 \leq n < 51$
D: $51 \leq n$

To find out more about the changes in energy legislation, visit aeg.co.uk

AFTER SALES SUPPORT/ CUSTOMER CARE

Customer Service

Should you need to contact us about your product we have a dedicated AEG customer service team to help. Our team is based in the AEG UK head office and can be contacted by phone on **03445 611 611** or via **aeg.co.uk**

Local service, nationwide

Our national network of Service Force agents provide product maintenance, genuine parts and repairs for all AEG Major Appliances. Genuine AEG parts ensure you continue to experience the excellent performance you expect from your AEG product.

If you require a visit from one of our agents for your Major Appliance please call our Service Force team on **03445 616 616**.
